

IPNA Teaching Course - VIIth SEPNWG Meeting

November 17 and 18, 2017, Bucharest, Romania

Course Director: Adrian Lungu, (Romania)

Scientific Committee Chair: Constantinos J. Stefanidis (Athens, Greece)

Scientific Committee Members:

Varvara Askiti (Greece), Sevcan Bakkaloglu (Turkey), Bogdan Dima (Belgium), Francesco Emma (Italy), Elena Levitchenko (Belgium), Adrian Lungu (Romania), Danko Milosevic (Croatia), Fatih Ozaltin (Turkey), Ludmila Podracka (Slovakia), Danka Pokrajac (Bosnia), Brankica Spasojevic (Serbia), Stella Stabouli (Greece), VeliborTasic (Macedonia), Rezan Topaloglu (Turkey)

Scientific Program

| Friday, November 17 | | | |
|---------------------|--|-------------------------|-----------|
| 08:00 | Registrations | | |
| 08.50 | Welcomme message - Constantinos Stefanidis, Adrian Lungu | | |
| | 1st session - LUPUS <i>Chairs: Todor Arsov, Constantinos Stefanidis</i> | | |
| 09:00 | Session introduction + Speakers | Todor Arsov | China |
| 09:05 | SLE / inflammation - and the kidneys; a perspective from a clinical immunologist | Marija Jelusic | Croatia |
| 09:25 | LUPUS Nephritis - the pathologist perspective Genomics in autoimmune disease | Mihaela Gherghiceanu | Romania |
| 09:45 | SLE and genes - a perspective of a genomic immunologist | Carola Vinuesa | Australia |
| 10:15 | Centre for Personalized Immunology (CPI and CACPI) collaboration | Carola Vinuesa | Australia |
| 10:35 | The "other" side of personalized genetics/genomics | Todor Arsov | China |
| 10:55 | <i>Discussion</i> | | |
| <i>Coffee break</i> | | | |
| | 2nd session – Complement and Kidney disease <i>Chairs: Zoltan Prohaszka, Tanja Kersnik Levart</i> | | |
| 11:30 | Romanian outbreak of E Coli O:26 Hemolytic Uremic Syndrome | Mihaela Balgradean | Romania |
| 11:50 | Complement in Kidney Disease | Zoltan Prohaszka | Hungary |
| 12:10 | C3 glomerulopathy | Tanja Kersnik Levart | Slovenia |
| 12:30 | Eculizumab treatment in aHUS – Romanian Experience | Adrian Lungu | Romania |
| 12:50 | <i>Discussion</i> | | |
| <i>Lunch break</i> | | POSTERS | |
| | 3rd session – CKD, HTA, Renal Transplant <i>Chairs: Adrian Covic, Liliana Garneata</i> | | |
| 14:30 | Current Concepts and Management Strategies in Chronic Kidney Disease-Mineral and Bone Disorder | Adrian Covic | Romania |
| 14:50 | Hypoproteic diets seem to delay dialysis in CKD patients. Is it valid for children? | Liliana Garneata | Romania |
| 15:10 | Challenges in histocompatibility and immunogenetics for kidney transplantation | Ileana Constantinescu | Romania |
| 15:30 | Vascular Access in Children on Hemodialysis | Constantinos Stefanidis | Greece |

| | | | |
|--|--|---------------------|--------|
| 15:50 | Practical point of pediatric hypertension management | Stella Stabouli | Greece |
| 16:10 | <i>Discussion</i> | | |
| <i>Coffee break</i> | | | |
| 4th session - Glomerular disease <i>Chairs: Fatih Ozaltin, Francesco Emma</i> | | | |
| 16:30 | Genetics of Nephrotic Syndrome | Fatih Ozaltin | Turkey |
| 16:50 | Immunology of the Nephrotic syndrome | Francesco Emma | Italy |
| 17:10 | Henoch-Schonlein Purpura nephritis - what's new? | Brankica Spasojevic | Serbia |
| 17:30 | <i>Discussion</i> | | |
| <i>Dinner</i> | | | |

| | | | |
|--|---|--------------------------------|------------------------|
| Saturday, November 18 | | | |
| 5th session – Tubular and metabolic kidney disease <i>Chairs: Francesco Emma, Sevcan Bakkaloglu</i> | | | |
| 09:00 | The kidney and mitochondrial cytopathies | Francesco Emma | Italy |
| 09:20 | Critical Care Nephrology - Biomarkers | Mihai Popescu | Romania |
| 09:40 | Metabolic Causes for Nephro-lithiasis | Danko Milosevic | Croatia |
| 10:00 | Primary Hyperoxaluria | Sevcan Bakkaloglu | Turkey |
| 10:20 | Genetics of Nephrocalcinosis | Velibor Tasic | Macedonia |
| 10:40 | <i>Discussion</i> | | |
| <i>Coffee break</i> | | | |
| 6th session– Tubular and metabolic kidney disease <i>Chairs: Katharina Hohenfellner, Elena Levtchenko</i> | | | |
| 11:30 | Diagnostics and Genetics in Nephropatic Cystinosis | Katharina Hohenfellner | Germany |
| 11:50 | Practical experience of Nephropatic Cystinosis in Slovakia | Ludmila Podracka | Slovakia |
| 12:10 | Genetic and pathophysiology of renal Fanconi syndrome | Elena Levtchenko | Belgium |
| 12:30 | Barter and Gitelman syndromes | Varvara Askiti | Greece |
| 12:50 | <i>Discussion</i> | | |
| <i>Lunch break</i> | | POSTERS | |
| 7th session – UTI, CAKUT <i>Chairs: Constantinos Stefanidis, Erik Van Hoorde</i> | | | |
| 14:30 | VUR: from the Nephrologist to the Surgeon. Who gets it first? | Bogdan Dima Erik Van Hoorde | Belgium Belgium |
| 15:10 | Renal parenchyma damage in the first febrile urinary tract infection and the TNF, ACE, PAI1 and MTHFR genes | Danka Pokrajac | Bosnia and Herzegovina |
| 15:40 | How to prevent the development of renal scars in children with febrile urinary tract infections | Constantinos Stefanidis | Greece |
| 16:00 | <i>Discussion</i> | | |
| Conclusions and closing remarks | | | |
